Secretary Keli Zhang Paying an Official Call on Alexander B. Chikwanda, Acting President and Finance Minister of Zambia

On July 25, 2012, Zambia local time, accompanied by Xinghu Tao, vice chair of the board and CEO of the company, Keli Zhang, secretary of CPC Committee for China Nonferrous Metal Mining (Group) Co., Ltd. (CNMC), who was on an investigation tour to the enterprises in Zambia with investment from CNMC, paid an official call on Alexander B. Chikwanda, Acting President and Finance Minister of Zambia.

First, secretary Keli Zhang conveyed the cordial greetings of general manager Tao Luo to Acting President Chikwanda. He then thanked Acting President Chikwanda for his great support and help to the successful going public in Hong Kong of China Nonferrous Mining Corporation Limited. Secretary Keli Zhang said that all the capital raised in Hong Kong will be invested in Zambia. In fact, the success in going public is not only for raising capital, but more importantly, for building a platform leading to world financial market. The success also indicates that the investment environment in Zambia has been recognized by world investors. In this sense, it is also a success for Zambian Government and people. Undoubtedly, it will greatly promote the rapid development of CNMC in Zambia, create more tax income and more jobs for Zambia, and achieve the goal of "China-Zambia Cooperation and Common

Prosperity."

Acting President Chikwanda expressed his gratitude and highly praised the move of China Nonferrous Mining Corporation Limited to go public in Hong Kong. He said that the success of China Nonferrous Mining Corporation Limited in going public has dispelled the worries of world investors about Zambia and made positive impact on the political and economic situations in Zambia. He emphasized that Zambian Government, including the Ministry of Finance, and himself will give full support to investors like CNMC for their quicker development in Zambia. This is the duty and responsibility of Zambian Government and himself.
