On December 4, 2012, the Fifth International Seminar on Chinese CSR Report, which had a theme as “Responsible Communication Creates Value,” was held in Beijing. During the event, China Nonferrous Metal Mining (Group) Co., Ltd. (CNMC), the holding company of CNMCL, published the Zambia 2011 CSR Report of CNMC. Mr. Peng Huagang, director of the Research Bureau of the State-owned Assets Supervision and Administration Commission of the State Council, and Mr. Liang Boyi, CNMC President Assistant, jointly unveiled the publication of the report. Mr. Liang delivered the keynote speech at the seminar.

During the speech, Mr. Liang introduced CNMC’s experiences in fulfilling its social responsibilities outside China, especially in Zambia. First, a company engaged in international operation should remember its mission and responsibilities more firmly than ever. Second, a company engaged in international operation should pay greater

attention to repaying local community. He also points out that the purposes of CNMC's worldwide publication of its CSR report are to take the initiative to communicate with all the stakeholders at home and abroad, introduce to them its overall responsible operation modes in Zambia, establish CNMC's "global responsibility concept" and corporate image, and express CNMC's good wish of working together with all the stakeholders to reach sustainable development in future.

The Fifth International Seminar on Chinese CSR Report was jointly sponsored by China WTO Tribune and China Business Council for Sustainable Development. Over 200 people, including leaders of governmental departments such as the Ministry of Commerce, SASAC, and Ministry of Human Resources and Social Security, famous Chinese and overseas experts in CSR field, and enterprise representatives, attended the seminar.
